

SOCIAL INITIATIONS: Weekly Data

- For a portion of each session, engage the child in social play (join them in his/her preferred activities, introduce social games & songs).
- Without placing specific demands, count how often the child spontaneously (unprompted) engages in the following behaviors/social interactions.
- Always reinforce desired behavior (social interactions, eye contact, vocalizations, imitation) with social praise & continuation of preferred activities.

Child's Name: _____
